HOW TO MAKE AN EBOOK:

What you need.

(1) Word Processor most PC's have word processors built in or free when you buy your computer.

(2) PDF Converter - You can get one called CUTE WRITER free at:
<http://www.softpedia.com/get/Office-tools/PDF/CuteWriter.shtml>

Copy this software to your desktop. When you have done this, your good to go.

WHAT IS AN E-BOOK?

An e-book, is a electronic book, or digital media equivalent of a conventional printed book. E-books are usually read on, PC's or on special hardware, called e-book readers.

WHAT SHOULD I WRITE ABOUT?

Write about what you know. For example if you're an experienced gamer, you may have hidden hints or tips that people want. Write about this, basically we all have knowledge running around inside our heads. Just put it down, on your computer, simple.

HOW DO I START?

- * Start up your word processor.
- * May be add a graphic at the beginning of your document.
- * Put down what's in your head on the computer word processor.
- * Make it as simple as possible to understand. (**Its not flat pack instructions**)
- * Add one or two pictures or some clip art, only if its relevant.
- * Put in the copyright at the bottom and owned by Your Name.

HOW DO I MAKE IT A PDF EBOOK DOCUMENT?

- * Left click on the file button. (Top left hand corner of the screen)
- * In the drop down menu, left click on PRINT.
- * Where you choose printer, pick **CutePDF writer**.
- * **Press OK**, A save as box will appear.
- * Choose location you want to save your e-book.
- * Now give your e-book a name. (Make sure the file type is PDF, this should be automatic).
- * Now all that's left to do is press **SAVE**. (You have now finished)

C O N G R A T U L A T I O N S

You should now have your first e-book.
